Legalization of Adult-Use Cannabis 2013 - 2022

10 Years of Legalized Adult-Use Cannabis

In November 2012, Washington State voters enacted I-502, legalizing the production and retail sale of cannabis for adult-use. Washington joined Colorado as the first pioneering states despite federal prohibition.

10 years later, nearly half of all states and the District of Columbia have legalized adult-use cannabis while the prohibition still remains.
