

Enforcement Class Schedule

Washington State Liquor and Cannabis Board (WSLCB) enforcement officers regularly conduct "Responsible Alcohol and Tobacco Sales" classes at locations across the state.

These classes cover information such as checking IDs, identifying fake IDs, and recognizing the signs of intoxication. They are a good resource for businesses that sell and serve alcohol, as well as those operating a one-time only event using a special license or permit.

Please view the details below to find a class that meets your needs or contact a specific office. We also offer classes in the Korean language. Businesses may request onsite classes from their local liquor enforcement officer if they have a large group (10 or more employees).

Please contact Enforcement Customer Service at (360) 664-9878 or ENFcustomerservice@lcb.wa.gov for additional information.
